Compulsory education for families financially disadvantaged students living allowance policy is not a figment of the system build , need the school's head teacher to provide a real home visit record , feelings and meanings See , We need the real family status of the client and the first class practice primary information , To understand the real needs and growth of students with family financial difficulties

is affected by the .

1. Focus a Read the story behind the student through the interview record

Student Status : ji Cao is very clever in my impression , Obedient , Sensible . Despite mediocre results , But she's a very serious learner. .

family Status : Her mother is a aphasia , does not speak , communicate with people in difficulty . Her father is out of the house all the year round , rarely go home .

Life Source : Make a living by planting the lotus root , Sometimes bad revenue affects all year of Life .

class Teacher : Jamie Mom , would you like to introduce the situation at home? ? What kind of child is the grass at home? ?

ji Cao mother (hand gestures) : There are two children at home , Hard . also great son of A., admitted to university . I want my daughter's grass to be like my brother . Sample Study well . Thank you very much for the school's funding for our home .

class Teacher : Does the grass feel inferior or sad because the family is poor , will you blame you for not providing her with a good learning environment? ?

ji Cao mother (Shake your head , gestures say) : Even if the income at home is not high , I'm still like this . , But our herb still lives happily. , not at all show inferiority complex , even happier than anyone else . , sometimes she enlighten us not to worry about money , What a sensible boy ..

ji Cao mother (finger the photo , gestures say) : This is last year , also is the first year of the year with the grass ,

and I play in the mountain and the scenery , i , Two people are happy. .

class Teacher : ji Cao mother , I will write down your suggestions to the school anti- Mirrored , Thank you so much for your school visits . , Take a picture of the sun at noon , Hard .

Home visits : ji Cao mother is a aphasia , But she looks at the problem The attitude and thoughts of amaze me .. in the form of a head teacher, it was only completed at the beginning of the school home visits task , There was no concept of poor students before , in my eyes is a rich student and a poor student. , This is literally superficial solution . When you hear your child say it's raining, the water leaks in. , I'm surprised Surprise and love the . students ' mother made a hard gesture to tell me that , Home condition not good , Several people huddled on a bed , sometimes , I can't sleep. , can only On floor ,, make More mats just be a bed , sleep directly in place . This Life is someone who has not personally experienced the , cannot understand . for this home visits feature move, started with trouble . Home visits , feel like this is a very activemeaningful , Endorsing school practices . as a teacher will actively cooperate with the school as a "" task to complete the , A lot of concern for poor students , Spares no pains , The wholeheartedly supports and works with school grants .

2. To Explore a Some views on the policy of subsidizing school poor students

2.1 maintain self-esteem , Protect privacy

maintenance of student self-esteem , and respect for personal privacy , Learn The school's funding list and program are not to be made public to all students , due to student Age is too small , for poverty reasons , The meaning of the salvage is not quite understood. , all The student's list of students will be put under pressure , may be given to the recipient students are excluded , discrimination and other classes of cold violence .

2.2 material grants , Mental aid

collects many reasons for family poverty through home visits , A mother like Ji Cao Pro disabled , incapacity , father all the year round , due to parental divorce causes families to be poor , Family poverty not only brings life to children

scrambling more Importantly, cause heart damage . This part of the student lacks security . Sense , inferiority self -Closure, external performance or silent introversion , or disciplinary difference , Learning difference , health Bad , for such students , just give material help is far from enough , must also be given mental assistance . to this part of the student , I'm in the meantime , give students mental help and heart care . me i deeply experience that love is a philosopher's Stone , in the process of subsidizing poor students , material and spirit are two important pillars , integral .

2.3 tutorial , down to implement

for poorer children in poor families , Parents find it hard to provide good for their children Good educational environment , Less material and financial resources for children to tutor . so , I think that in the school subsidy policy, in addition to the financial assistance to students ,, should It is actually difficult to consider the actual difficulty of completing homework after the student goes home , This is every The Most immediate problem facing poor students . recommends that schools be able to bring in poor students every day set up after school grades , by the language of different grades English Sanko teacher to him for one hour free one-on-one tutoring , Student Homework no questions to ask tutoring teacher , This will solve the difficulties encountered by the student's job , also promote Teaching Quality , To remove worries for parents .

We are looking forward to Xiangyang primary school compulsory education family economic hardship student life fee subsidy policy after a number of class teacher home visits to organize suggestions and comments after the , to have the alter , more complete , The emergence and development of this policy has allowed this educational depression to rise. up .
